SUTD Honour Code

The SUTD Honour Code and Creed were created by our pioneering seniors from the class of 2015: **Joshua Chong, Arron Li, Cherise Cho, Khor Zijian and Seow Chun Yong**. Did you notice a vertical pattern in the creed? *Most of your seniors don't know this :)*

As a member of the SUTD community, I pledge to always uphold honourable conduct. I will be accountable for my words and actions, and be respectful to those around me.

Housing Allocation

As a Freshman, you get to stay in the hostel for three terms without applying. After that, not everyone gets to stay in the hostel due to limited beds.

To increase your chances of getting accommodation after the third term, check out below the criteria by the Housing Allocation Committee. If it bothers you, talk to your House Guardians to find out more. But don't worry too much. Channel your energy towards having fun and making new friends!

1: Adherence to Rules and Regulations

Residents are expected to adhere to housing rules and regulations so as to ensure a safe, secure and considerate residential environment for all.

Applicants will be assessed based on the number of Notices of Breach and Letter of Warnings received.

2: Value to Residential Life

To create a vibrant community applicants will be assessed based on their contribution to residential life.

Within a year of stay (2 terms), participation in 3 events are required to fulfill this criteria. Records will be taken based on the previous year of stay, or the first year of stay if the applicants are applying for a room in the third year but did not stay in the hostel during the second year.

3: Commuting time

For local applicants with accommodation in Singapore, commuting time will be generated based on the home address given to Office of Housing.

Applicants will be ranked based on the shortest commuting time to the SUTD Campus (8 Somapah Road) via public transport. Commuting time will be calculated based on arrival in school by 8.30am, the earliest lesson time slot. This is also to ensure that traffic conditions will be standardised for all hostel applicants.

A good mix of local and international students in hostel will also be maintained.

Have a question? You can either talk to your House Guardian or drop a mail at housingallocation@sutd.edu.sg

While the cohort classrooms and printer rooms at Building 1 and 2 are open 24 hours, the rest are not. If you happen to be stucked in any classroom, just call security, whose number can be found in every classroom.

There is also a free shuttle bus service that loops between CCP, Simei MRT and SUTD!
