Dear Geckhong Yeo,

I am delighted to inform you that your proposal entitled *Peer Digital Acceset (PDA): Translating Online Peer Support for Mental Well-being* has been selected for a Small Grant from the Society for Research in Child Development (SRCD)! Congratulations! The reviewers were highly enthusiastic about your project and its impact. We received many strong proposals, so competition was stiff - the funding rate for this year of the Small Grants for Early Career Scholars was 9%. We hope that you will be able to put the funds to very good use to further your research, your professional career, and the field of developmental science!

Your grant funds in the amount of \_\_\_\_\_ will be transferred to your institution following receipt of the following:

1. The **name, email address, and phone number of a contact in your sponsored research office** with whom SRCD will coordinate payment.
2. A **signed digital copy of the Award Notice (attached)**, which indicates your institution's adherence to the terms of the grant (described in the attached document). Once the funds are transferred, SRCD relinquishes oversight of the disbursement of the funds to your sponsored research office or its designee (e.g., your departmental grants manager). Please retain a copy of this Award Notice for your future reference.

Please return all of these items to [scholar@srcd.org](mailto:scholar@srcd.org) **no later than June 4, 2021**.

We will ask you to prepare a progress report on the use of your funds and the outcomes of your activities 12 months from now. We will follow up with you closer to that time about the report, but we ask that you please keep us apprised of any change in institutional affiliation and contact information in the meantime.

Finally, we would also like to publicize your receipt of this grant. We will be in touch next week regarding any and all materials we will need to make this announcement. In the meantime, **I would ask that you please refrain from sharing this wonderful news until we have had a chance to make an official announcement and notify all applicants.**

Congratulations again, we are delighted to be able to support your proposed project and your career/research program development!

Best,

Saima Hedrick, MPH, CAE  
Executive Director  
Society for Research in Child Development
