SUTD CREED & HONOUR CODE

HONOUR CODE

As a member of the SUTD community, I pledge to always uphold honourable conduct. I will be accountable for my words and actions, and be respectful to those around me.

CREED

I am a student of the Singapore University of Technology and Design;
I believe in a better world by design.

I continuously hone my mastery of technology;
I develop the skills of my trade to improve the lives of people.

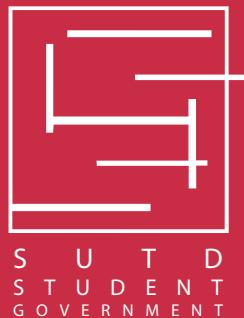

I express my ideas through design;
I forge my creations with ingenuity and perception.

I grasp opportunities that are presented to me;
I handle risks with maturity and courage.

I inspire future generations to follow in my footsteps;
I justly uphold myself with strong moral character and values.

I know that I am not alone;
I lead and support others to exceed expectations.

I must remain true to my word in all that I endeavour as a testament to SUTD.

The Student Government serves and upholds the interest of students. Members act as welfare custodians for the student population and bring students, staff and faculty together through effective communication. They are also the catalyst for student initiatives, encouraging spontaneity and breaking convention.
